

Procurement & Contract Management in Highway Projects

Washington, DC USA
June 3-7, 2019

Executive Seminar

The Road Industry's Most Trusted Brand in Continuing Education

For more than 50 years, an essential part of the IRF's mission has been the organization and delivery of training courses that provide continuing professional development for individuals and contribute to the dissemination of knowledge and expertise throughout the world.

As a strong believer in continuing education, the IRF provides members, as well as road professionals worldwide with educational opportunities that are recognized by engineering and transportation societies worldwide. The IRF's Global Training Curriculum provides technical expertise in classroom and practical settings where attendees can learn from and have direct access to seasoned professionals. Each course not only provides the most relevant, up-to-date information and best practices and solutions, but is also designed to assist attendees in learning to correctly apply the knowledge gained.

IRF Executive Seminars are specifically developed to meet the needs of today's highway managers. Whether you are a representative of a highway agency, a member of a financing institution, consultant or contractor, IRF Executive Seminars will give you the necessary tools to make improvements in your organization. Our mission is facilitate road progress whenever and wherever we can by organizing constructive events, furnishing needed information and assisting with the training and transfer of best practices and technologies around the world.

As Chairman of the International Road Federation, I encourage you to make the most of these opportunities and help fulfill the IRF's vision of better roads for a better world.

Abdullah A. Al-Mogbel
IRF Chairman

About the IRF

OUR MISSION: Building Partnerships

We assist countries in progressing towards better, safer and smarter road systems.

We develop and deliver world-class knowledge resources, advocacy services, and continuing education programs, which together offer a global marketplace for best practices and industry solutions.

We serve a wide range of member organizations from both the public and private sectors of the road and transport industry. Together, we form a global network for information exchange and business development.

We invest in the next generation of transport leaders. Since 1949, the IRF has awarded educational scholarships to individuals in 119 countries to pursue careers in the road and transport industry.

OUR VISION:

Better Roads. Better World

We believe that well-planned, safe, accessible and environmentally sound road networks are fundamental building blocks for human and economic development.

We are committed to increasing road and transport investments to meet the demands for safe and efficient travel and flow of goods and services to help improve the lives of people worldwide.

We engage with governments, development institutions, businesses, and academia around the world to make our vision a reality.

OUR ORGANIZATION: A Global Federation

The International Road Federation welcomes members from government, academia, road associations, research institutes, and private industry.

We are a global not-for-profit organization, headquartered in Washington, DC since 1948 and supported by regional offices throughout the world.

The IRF serves a network of public and private sector members in more than 70 countries by providing world-class knowledge resources, advocacy services, and continuing education programs which together offer a global marketplace for best practices and industry solutions.

INTRODUCTION

This seminar is designed to meet the educational needs of government officials in charge of surface transportation procurements and contracts. Topics span the entire project cycle, including planning and needs assessment, pre-qualification and qualification of contractors, tendering or RFP process, proper use and management of consultants, procurement negotiation, best practices in project supervision, completing projects on time and on budget, as well as the critical importance of ethics, anti-corruption and financial integrity particularly for multi-lateral bank and privately financed projects. The seminar content is intended to be FIDIC friendly and draws many examples, techniques, and case studies based on the FIDIC model contract for the various modalities of infrastructure project delivery mechanisms.

LEARNING OUTCOMES

- Developing a capital investment plan or project pipeline
- Preparing of a project procurement plan
- Conducting financial analysis and Value for Money calculations
- Structuring and managing a project tender
- Managing the contract during project implementation and construction
- Administering dispute resolution including claims valuations
- Proactively managing ethics and integrity in project delivery for participants & stakeholders
